GETTING STARTED

To Install Half-Life

Insert the game CD into your CD-ROM drive. If your CD-ROM drive has AutoPlay enabled, click the "Install Half-Life" button and follow the instructions. If AutoPlay is not enabled, double-click on the "My Computer" icon on your desktop. Double-click on the CD-ROM drive icon. Follow the installation instructions. If Half-Life does not begin installing immediately, double-click on autorun.exe.

Minimum System Requirements

Windows® 95/98/2000/ME/NT 4.0
Pentium® 233
32 MB RAM
4x CD-ROM
400 MB HD space
SVGA, high colour 16-bit display
Windows® compatible sound card
Mouse, keyboard
Internet/Multiplayer: 32-bit Internet Service Provider
with 28.8 modem or LAN

Recommended System Requirements

Pentium® 166+
32 MB RAM
3D accelerator card (OpenGL or Direct 3D)

THE MAIN MENU

Half-Life's Main Menu can be accessed at any time during a game by hitting the Escape key. Use your mouse or the up and down arrow keys to navigate inside of the Main Menu. Hit the Escape key at any time to go to the previous screen.

Before starting a game, your Main Menu choices include:

- New Game
- Hazard Course Configuration
- Load Game
- Multiplayer
- View readme.txt
- Previews
- Quit

NEW GAME

When you start a new game, you'll be asked to choose a level of difficulty.

Easy Monsters are weak and are easy to kill.

Medium Monsters are strong and are easy to kill.

Difficult Monsters are strong and are difficult to kill.

H A Z A R D C O U R S E

Access the Hazard Course at any time during the game to perfect maneuvers like jumping and crouching, using objects, and firing weapons. The Hazard Course includes a target range as well as water and obstacle courses. A holographic guide will assist you through the course. **If you are new to action games, we highly recommend that you visit the Hazard Course before you begin a new game.**

C O N F I G U R A T I O N

Set game options, optimize video and audio settings for your system, and customize keyboard controls to your liking. After setting your configurations, hit the Done button to apply your settings and return to the Main Menu. Hit the Use Defaults button to restore the original default settings.

Controls

The grid shown in the Controls Dialog box lists the default keyboard and mouse configuration. It also makes it easy to customize the configuration: just click on an action in the first column, press Enter, then press the key you wish to associate with that action.

Action Describes the player action.

Key/button Specifies the key or mouse control associated with that action.

Alternate If you want to make an action accessible by more than one key or button, select an alternate in the right-hand column.

Advanced Controls

Crosshair Adds a crosshair symbol to help you aim your weapons.

Reverse mouse Reverses the up/down (Y axis) movement of the mouse. (Push the mouse forward to look down, and pull back to look up.)

Mouselook Changes the mouse function from controlling your movements to controlling your ability to look around. Note that checking Mouselook disables Look Spring and Look Strafe.

Look spring Automatically "springs" your view to center screen when you begin moving.

Look strafe In combination with your mouse look modifier (L), this causes left-right movements of the mouse to strafe (slide you from side to side) rather than turn.

Joystick Enables joystick input. For information on configuring your joystick, refer to the Readme.txt file.

Autoaim Automatically aims your weapon, making it easier to hit your target.

Audio

Game sound volume Adjusts the volume of the game's sound effects.

HEV suit volume Adjusts the volume of the instructions provided by your HEV suit.

High quality sound If the speed of your computer is

166 Mhz or more, check this box for even richer, higher quality sound.

To hear Half-Life's music, you must have the CD in your CD drive.

To adjust the volume of the music, go to the Start Menu/Programs/Accessories/Multimedia, and select the Volume Control applet.

Video

Video Options Set video options such as screen size, gamma and glare reduction. Changes made to these controls will be reflected in the sample image window.

Screen size Controls the amount of screen space the game uses. Reducing the screen size can often improve performance. Note that you cannot adjust the screen size if you are using an OpenGL video driver.

Gamma Adjusts Half-Life's color balance to best suit your monitor. Move the slider until you can just make out the figure standing in shadow on the right side of the sample image.

Glare reduction Adjusts darker colors to reduce glare on your monitor. Move the slider until you can see the camouflage pattern on the soldier's uniform.

Video Modes Set video modes, choose video drivers. Half-Life will check your system for the presence of OpenGL and Direct3D video drivers. It may ask you to verify the results of this check. If you have one or both drivers currently installed on your system, they will appear as choices at the top of this screen. You can also choose to run Half-Life in software mode. If you do not have these video drivers installed, Half-Life will default to software mode.

Display mode Half-Life evaluates your system's graphics adapter and automatically lists the display modes available for your computer. Selecting a higher resolution mode generally results in better quality images, but can lower game performance.

Run in a window Check this box if you prefer to run Half-Life in a window rather than full screen.

Use mouse Check this box if you are using the mouse to play Half-Life. Leaving the box unchecked will allow you to use the mouse outside the game window.

Gore Reduction Use this feature to turn off blood and gore effects. This is a password-protected feature, designed to let parents control the level of violence.

You will need to re-enter your password to turn the effects on again.

Updates Receive updates of the latest Half-Life code, including new hardware drivers and bug fixes, if necessary. You will be able to see if a new update is available before you connect.

LOAD GAME
Select and start a previously saved game.

MULTIPLAYER
Join a multiplayer game on the Internet, chat with other Half-Life players, set up your own LAN, or customize your player character. For more information about Multiplayer options, see page 22.

VIEW README.TXT
Half-Life's README file contains basic information on system performance, product features, and trouble shooting. We recommend that you read it before playing.

PREVIEWS
Get information about **Half-Life: Team Fortress** and other upcoming Sierra Studios releases.

QUIT
Exit Half-Life. Don't forget to save your game.

If Half-Life is already running, your Main Menu choices will also include:

Resume Game
If you are in the middle of playing Half-Life, when you enter the Main Menu, use the Resume Game menu item to return to the action.

Save/Load Game
Save your game or load a previously saved game. You may also save your game quickly from within Half-Life by pressing Quicksave (F6). Load this game by pressing Quickload (F7). Only your most recent Quick-saved game can be selected from the Save/Load menu.

Customer Service / Technical Support

and 'Fax-back' service

Tel: (0118) 920 9111

Fax: (0118) 987 5603

Lines open 24 hrs, 365 days a year, automatically receive by fax technical using our automated technical support troubleshooting documents about the attendant. This system includes answers to all commonly posed questions and in the middle of the night! If the answer to your question is not in our automated problems with our new and major titles. It is set up in a friendly and easy to use system, then you will be transferred to a menu system that you navigate through technician between the hours of using a touch tone telephone. This **9am and 5pm Monday to Friday.** service will also allow you to

Here are some key-presses that will allow you to navigate through our automated attendant. Note that these are the standard letter assignments that are given to UK telephones so if your phone has letters on the keypad, please use them instead:

2: A,B,C	3: D,E,F	4: G,H,I	5: J,K,L	6: M,N,O	7: P,R,S	8: T,U,V	9: W,X,Y	0: Z
----------	----------	----------	----------	----------	----------	----------	----------	------

Before you call our technical support lines, please check that you have read the Readme file included on the game disk #1. You may well find a very quick answer to the problem that you are facing as these files contain answers to most common problems. If the answer is not here, make sure you have precise details of any error message that you receive, and details regarding the specifications of your computer before you call us, as this will help us in giving you a faster and more efficient service.

LIMITED WARRANTY

THE LICENSOR EXPRESSLY DISCLAIMS ANY WARRANTY FOR THE PROGRAM, EDITOR, AND MANUAL(S). THE PROGRAM, EDITOR AND MANUAL(S) ARE PROVIDED "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR NON-INFRINGEMENT. THE LICENSOR FURTHER DISCLAIMS ALL WARRANTIES WITH REGARD TO YEAR 2000 COMPLIANCE OF THE SOFTWARE. SPECIFICALLY, THE LICENSOR MAKES NO WARRANTIES THAT THE PERFORMANCE OR FUNCTIONALITY OF THE PROGRAM WILL NOT BE AFFECTED BY DATES PRIOR TO, DURING OR AFTER THE YEAR 2000, OR THAT THE PROGRAM WILL BE CAPABLE OF CORRECTLY PROCESSING, PROVIDING, AND/OR RECEIVING DATE INFORMATION WITHIN AND BETWEEN CENTURIES, INCLUDING THE PROPER EXCHANGE OF DATE INFORMATION BETWEEN PRODUCTS OR APPLICATIONS ANY WARRANTY AGAINST INFRINGEMENT THAT MAY BE PROVIDED IN SECTION 2-312(3) OF THE UNIFORM COMMERCIAL CODE AND/OR IN ANY DISCLAIMER.

The entire risk arising out of use or performance of the Program, Editor and Manual(s) remains with you.

However the Licensor warrants that the media containing the Program shall be free from defects in material and workmanship under normal use and services and the Program will perform substantially in accordance with the accompanying written materials, for a period of ninety (90) days from the date of your purchase of the Program

In the event that the media proves to be defective during that time period, and upon presentation to the Licensor of proof of purchase of the defective Program, the Licensor will at its option 1) correct any defect, 2) provide you with a product of equal value, or 3) refund your money.

Some states/jurisdiction do not allow limitation on duration of an implied warranty, so the above limitation may not apply to you.

In case you would like to exchange the product or refund you money, notably if the product is defective, please refer to the "Technical Support Policy" herein included.

Please return this card to us for registration

- 1 A free hot line:** Our Customer Services Department will be happy to deal with your technical problems and enquiries on 0118 920 9111 between 9 am and 5 pm, 5 days a week. Out of normal office hours an automated technical attendant is available to assist with the most common queries.
- 2 A 90 day disk guarantee:** Any faulty disk replaced within 90 days (free of charge).

"HALF-LIFE IS A SUPERLATIVE-DEFYING MASTERPIECE"
96% GAME OF THE MONTH PC GAMER

THE CRITICS AGREE, AWARDED GAME OF THE YEAR BY MORE THAN 50 PUBLICATIONS WORLDWIDE.

If you thought all action games were the same, think again. Half-Life's intricate environmental challenges, rich story-line, and frighteningly intelligent adversaries add up to a new kind of challenge—one that demands you use your weapons and your wits. Monsters don't walk blindly into your gunfire—they're cunning as hell and they want to live as badly as you do. Friendly characters aren't cannon fodder—they're critical to your success. Add 16-bit colour, machines you control, and realistic 3D sound effects and you've got a game that is so alive, so intelligent, so real, you'll swear it has a pulse.

- Advanced Graphics Engine
- Rich story line and intelligent enemies
- Immense environmental challenges
- A variety of real-world, experimental, and alien world weapons
- 32-person internet/LAN multiplayer support
